Fit for the Rider

Find your preferred riding position easily. Adjustable components allow you to personalize the seat so you can achieve a comfortable and balanced riding position.

Designed for Women

Wide where they need to be wide and narrow where they need to be narrow - women love how it feels to sit in one of our saddles.

Fit for the Horse

Let us build a tree that fits your horse so he can be comfortable too. Adjustable components keep it fitting.

Lightweight

Lift our saddle onto your horse easily. Fully rigged, they range in weight from 15 to 22 pounds.

Traditional on the Outside, Innovative on the Inside!
